

Local people are backing

# our plan for Addiscombe

Jeet has been an excellent Councillor and has campaigned successfully on many issues for the ward - we would have not had the success we did without him!

MICHAEL, ADDISCOMBE ROAD

As a long-term local resident, I know how much our community has suffered from the terrible traffic situation that Labour forced upon us. The Labour Council refuses to listen, but I know that Jeet and Kyle are on the side of local people - that's why I'm backing them!

Jenny Elgin Road

I reached out to Jeet to discuss parking and dropped kerb applications after trying, and failing, for years to have a conversation with local Labour Councillors. Jeet was quick to respond - visiting me to listen to my concerns. He spoke to the right people and put me in touch with others who could bring about the change I want to see. Jeet is a great example of how local governance can and should work!

Max Kingscote Road

I've known Kyle for a very long time. His commitment to Addiscombe is undeniable. The time and effort he puts into making our community a better place are exactly the qualities I want in my local councillor.

JAMES, DALMALLY ROAD

## GET IN TOUCH

With your Conservative team

If you want more information on what we're doing to make Addiscombe better, or if there is an issue that you want our help with please get in touch.

Cllr Jeet Bains and Kyle Knight hold monthly street surgeries, to help with any local issue - get in touch if you'd like to speak to them!

# our plan for Addiscombe East

INSIDE HOW OUR PLAN WILL MAKE A DIFFERENCE TO LOCAL PEOPLE...

- We'll fix Addiscombe's traffic chaos
- We'll boost support to tackle local crime
- We'll get your bins emptied and grass cut

# our plan Addiscombe East

1

## We'll always listen to local people

For years Croydon's Labour-run Council has taken our community for granted. The needs and views of local people have been ignored for far too long.

We will listen to what local residents are saying. We are here every day because we live here. We experience the same things you do when we shop, travel and go about our daily lives. Your opinions and issues deserve to be heard, and we promise to always be here for you.

■ Kyle and Jeet have lived locally for a combined 58 years. They shop in the same shops and drive on the same roads as you. They'll always listen to their community, unlike the current failing Labour Council.

3

## We'll protect local green spaces and family homes from demolition

The Covid pandemic has taught us once again how much we should value our local green spaces and the opportunities they provide.

Croydon's Labour-run Council has consistently voted in favour of selling off public land and building on it. We will oppose any loss of our green spaces here in Addiscombe and always fight inappropriate development. There are lots of opportunities to build much needed homes on land that has been built on previously. Once we lose grass and trees they never come back!

■ The Labour Council has allowed developers to ride roughshod over local people. Jeet and Kyle will always support residents wanting to protect the character and amenities of Addiscombe.

5

## We'll always champion local business and community groups

For too long local businesses in Addiscombe have not been supported enough. We will always champion our high street, and back local entrepreneurs.

Our high street has been hit hard by the pandemic, and the Council just hasn't given it the backing it needs to bounce back. We regularly talk to local people, and will work hard to encourage a diverse, interesting suite of shops for our district centre to thrive once more.

■ Kyle and Jeet live locally, and so they're always supporting local traders and community groups. By listening and understanding their issues, Kyle and Jeet can help them to truly flourish.

2

## We'll finally fix Addiscombe's traffic chaos

The traffic situation in Elgin, Havelock and other local roads is intolerable. For years residents have rightly campaigned to reverse Labour's ill-thought-out one-way system - but their pleas have fallen on deaf ears.

If elected, we will reverse Labour's terrible traffic decisions. We will ensure fair traffic distribution across Addiscombe. We will ensure that appropriate traffic calming measures are introduced, following consultation with residents.

■ Jeet Bains and Kyle Knight have been campaigning to fix local traffic chaos. With a Conservative Mayor and a Conservative Council, they'll be able to make the changes you've been asking for.

■ Jeet and Kyle will always support boosting law enforcement in Addiscombe, to keep our community safe.

4

## We'll turbocharge tackling crime and ASB in Addiscombe

There have been far too many tragic incidents in Addiscombe over recent years. Violence and antisocial behaviour should not be the norm for us.

We will continue to work with the community and police in Addiscombe. We'll lobby for more night time patrols. We'll go back to locking the park gates at night. We'll campaign to improve lighting in known crime hot spots. We'll remove all graffiti quickly and prosecute those who do it.

6

## We'll get Addiscombe's bins emptied and grass cut!

Labour's bankruptcy has often left the grass to grow long, right across Addiscombe's parks and grass verges. Poor management of contracts has allowed Veolia to get away with poor service for too long. It's not good enough.

We back the grass cutting schedule being restored to its former level and will bear down on poor service levels to make sure that local people get the services that they deserve.

■ We are grateful for the many local volunteers helping to clean our community - but local people pay Council tax, so the Council should do better at collecting our bins on time and cutting local grass!
